Metallic Paints

NON STREAKING

Product Info:

Our edible metallic paints can be applied a number of ways but we recommend good quality brushes (sable brushes) and long brush strokes. The paint is ready to use from the bottle, so there is no need to thin it out or mix it with any other ingredients.

Once applied and dried the pigment is sealed within the surface – no dust or smudges! Shake well before and during use. Keep away from children and store in a dry cool place.

Available in:
